INDUSTRIAL EXHIBITION
The conference will be accompanied by a specialized industrial exhibition. Interested companies are invited to request more detailed information from Conventus.
WELCOME NOTE

Dear Colleagues, Ladies and Gentlemen,

We cordially invite you to the 69th Annual Meeting of the German Society of Neurosurgery which will be held in Münster, Germany, from June 3–6, 2018. We are happy to announce that this will be our first Joint Meeting with two American Societies, the Mexican Society of Neurological Surgery and the Colombian Association of Neurosurgery.

The main topic of the 69th Annual Meeting will be spinal surgery, reflecting the needs of an aging society, but not without generating controversy due to the inherent economic requirements. Only hard scientific data will overcome these controversies. Other topics we will be focusing upon are neuro-oncology, including the rapidly expanding field of intra-operative imaging.

Our Gala Evening will take place at our Historical City Hall, the location where the Peace Treaty was signed so many years ago. We hope to attract our younger and older colleagues with an attractive and entertaining program also of interest to our international guests.

Münster is an old city even by European standards, founded more than 1,200 years ago. On the other hand, it is a thriving metropolis kept young by more than 50,000 students studying at the Westfälische Wilhems University, in this city of 300,000 inhabitants. To historians Münster is known for the fact that the Peace Treaty of Westphalia was negotiated and signed by European Delegates in 1648, ending the Thirty Years’ War in Europe.

We are looking forward to welcoming you in Münster!

Univ.-Prof. Walter Stummer, MD
Conference president
President of the DGNC

ABSTRACT SUBMISSION
The abstract submission is possible online at www.dgnc-kongress.de until November 30, 2018.

A written information about an acceptance as a lecture or poster resp. a rejection will be sent by February 2018. An abstract must be submitted in English. The title must be given in German and English. All accepted abstracts will be published at the online portal German Medical Science (GMS).

REGISTRATION
The registration for the conference will open in January 2018 at www.dgnc-kongress.de.
